GEN. GATACRE HAS BEEN RECALLED

He is Charged With the Great Disaster at Wapener Saturday.

BRITISH LOSS IS 1880

Reliable Reports That Gen. Brabant Was Compelled to Evacuate His Position.

OLIVIER CUTS BRITISH LINE

Bloemfontein, April 11—[Special Cablegram]—Gen. Gatacre has been recalled and will return immediately to England. Sir Herbert Chermside has been promoted to the command of the Eleventh divieion.

Gatacre's recall gives credence to the report that Wepener which Gen. Brabant has been holding has been evacuated owing to Gatacre's tardiness in conducting relief to that place

The British loss will reach over 1,880 killed. wounded and captured.

A force under Gen. Olivier is proceeding towards Smithfield, south of Wepener.

Boers Are Very Active.

London, April 11—[Special Cablegram]—Gen. Roberts wires from Bloemfontein under date of March 10. "Enemy has been very active the past few days. One commando is on the north bank of the Orange river near Aliwal north; another is attacking Wepener where the garrison is bravely resisting. They are inflicting serious loss on the enemy, troops are being moved up rapidly."

ANOTHER DISASTER TO BRITISH

Tremendous Battle Fought in Which Red Coats Lost 1800 Men.

London, April 11.—The seventh month of the war in South Africa opens with reports from Boer sources of another British disaster.

A terrible reverse has been inflicted upon the British arms.

According to an official announcement in Pretoria, telegraphed by the News correspondent, a battle has been fought south of Brandford in which the British suffered a loss of 900 killed and wounded, in addition to 980 captured by the Boers.

News Is Confirmed

This intelligence is amply confirmed by the Mail's correspondent on the Boer side. who reports from Brandford that General De Witt on Saturday defeated the British for the third time within a week, the scene of this last engagement being Meerkatsfontein.

Boers Greatly Encouraged

The owner of a hotel in Pretoria, who is on his way to Europe, says the Boers were almost ready to surrender after the fall of Bloemfontein, but they were enormously encouraged by the success at the waterworks, especially when some 300 prisoners arrived in Pretoria. Many hundred burghers who had returned to their farms went back to the front. It is expected that a stand will be made at both Johannesburg and Pretoria and finally the seat of government will be transferred to Lyadenburg.

THE BOERS CLAIM A BIG VICTORY

Total British Loss in the Fight at Bradford is 1880

London, April 11.—A dispatch to the Daily Mail from Brandfort, dated Sunday, says: "Yesterday Gen. De Wet inflicted a third defeat of the British within a week at Meerkatsfontein, killing and wounding 600. He captured 900, with twelve wagons, losing five Boers killed and nine wounded."

The Daily Mail publishes the following, dated April 10, from Lourenco Marques: "The Netherlands Railway company professes to have received a telegram reporting a Boer victory near Kroonstad, the Boers capturing 900 British." Commenting upon this the Daily Mail remarks: "There is a Meerkatsfontein about five and a half miles southeast of Kroonstad, but if the report be true this can hardly be the place."

The Daily News has the following from Pretoria, dated Monday, by way of Delagoa bay: "It is officially announced that a battle has been fought south of Brandfort, in which 600 British troops were killed and wounded and 800 taken prisoners. Lord Roberts is declared to be finding great difficulty owing to scarcity of water."

The Paris Herald's correspondent, wiring from Pretoria Monday, says that what is left of the British column retreated towards Bloemfontein, and asserts that within the week Dewet's flying column defeated the British thrice and captured a total of 1,800 prisoners, seven guns, and extensive booty. Still another confirmatory dispatch comes from Lourenco Marques, bearing Tuesday's date. No official dispatches have been issued, however, bearing on the matter. As to the scene of the alleged battle, there is a Merkefontein eight and one-half miles southeast of Kroonstad, near the source of the spruit rising at Wonder kop and running to the Valsch river. As Kroonstad is 130 miles north of Bloemfontein, it is hardly possible this can be the place.

Cronje and other Boer prisoners arrived at St. Helena Tuesday. One of the transports, the Milwaukee, has been placed in quarantine, with four cases of measels on board.

SUPERVISION OF RAILROADS

National Railway Commissioners to Meet in Milwaukee May 28.

Washington, D. C., April 11—A call has been issued under the auspices of the Interstate Commerce commission for the meeting of the twelfth annual convention of railroad commissioners at the Hotel Pfister, Milwaukee, on Monday, May 28. The railroad officials of all states and state officers charged with any duty in the supervision of railroads, together with the association of American Railway Accounting officers are invited to attend or send delegates to the convention.

IT IS BELIEVED THAT CLARK WILL RESIGN

He Stands No Show For Retaining His Seat In the United States Senate.

Washington, D. C., April 11—The action of the senate committee on privileges and elections, adopting unanimously a resolution declaring that W. A. Clark of Montana, is not entitled to a seat in congress, is no surprise. It has been expected ever since Mr. Clark gave his testimony, in which he admitted that he had expended $139,000 directly to secure his election. Not only the senate, but the entire country revolted at that confession, and the members of the committee could not permit such an event in the history of the senate to pass without rebuke.

The report will not charge Mr. Clark with personal corruption; none of the evidence submitted by his enemies has involved him personally in bribery, but the committee considers that it was impossible for him to have expended so large a sum of money for legitimate purposes, and upon his own statement, rather than the evidence of the prosecution, he has been condemned.

It is generally believed that Mr. Clark will resign; that he will not permit the report to be acted upon, for the fact that the committee is unanimous leaves him no hope of overcoming it in the senate.

DEWEY MAY VISIT MILWAUKEE IN JUNE

He Promises Senator Quarles to Visit the Cream City Early This Summer.

Washington, D. C., April 11—There is a possibility that Admiral Dewey may be a Milwaukee visitor about the time of the summer carnival in June. To Senator Quarles, who called upon him, the admiral said that he expected to visit Detroit early in June, and that he would much like to respond at that time to the many invitations he has received from the Milwaukee people to visit that city. He was unable to say positively at this time whether he would go to Milwaukee, but he gave Senator Quarles the impression that he would do so.

WIDER LATITUDE FOR THE METHODIST

New York, April 11—[Special Telegram]—If the general conference of the Methodist church adopts the suggestions made by the New York conference, also the North East conference at Danbury, Conn., members may dance, play cards or go to the theatre without breaking the prescribed rules of conduct.

GOD GRANT ENGLAND MAY NEVER WIN

This Sentence By Bryan Sent a Los Angeles Audience of 14,000 People Wild.

Los Angeles, Cal., April 11—[Special Telegram]—William J. Bryan talked to fourteen thousand people last night expressing strong sympathy for the Boers. When he exclaimed "God Grant England may never win" the audience went wild with enthusiasm.

PLATFORM WITH A "BUT" ATTACHED

Peculiar Bryan Resolution of Democratic State Committee.

NO CHANCE FOR DEWEY

Wisconsin Democrats Will Hold Their State Convention on June 12.

COOPER HAS A CLEAR FIELD

Milwaukee, Wis., April 11—The democratic state central committee, which met here last night, decided to hold the state convention in this city on June 12 for the purpose of choosing four delegates at large to the national convention in Kansas City, July 4, and ratifying the choice of delegates named by the congressional district convention.

Resolutions With a "But."

Resolutions were adopted unanimously by the committee "that we hereby declare our loyalty to the great democratic leader and statesman, William Jennings Bryan, and pledge ourselves to do all in our power to further his nomination and election as the next president of the United States. But without any intention to hereby forestall or influence a free action of the democratic party when in convention assembled. Ex-Governor Peck welcomed the members from outside the city.

Small Chance for Dewey

Conversations with the committee members revealed a sentiment in favor of Bryan as emphatic as that expressed in the resolutions adopted. As to the possibility of Admiral Dewey being named for the second place on the ticket, the idea did not seem to meet with any appreciable favor. The members approached on the subject were invariably opposed to the combination, and in fact they appeared more or less "touchy" at the admiral's presidential aspirations, short lived though they were.

Ex-Governor George W Peck apparently has a clear field for the democratic nomination for congress in the Fourth district. The general impression among local members of the party is that the place will go to Mr. Peck.

Cooper By Acclamation.

Conventions to nominate republican candidates for congress in the different Wisconsin districts will be held in the latter part of the present month. Although most of the present delegation will be re-nominated without some opposition, and some without any, spirited contests are likely in several districts.

In the first Congressman Henry Allen Cooper will be renominated by acclamation. This is the Racine district. Congressman H. B. Dahle of Mount Horeb will have no rival for the nomination in the second, and in the third Congressman Joseph W. Babcock has a clear field in the convention.

In the fourth, which comprises most of the city of Milwaukee, the incumbent, Theobald Otjen, is making a personal canvass, and is confident of renomination Barney A. Eaton and W. H. Stafford are both working against Otjen,

Congressman S. S. Barney's chances for a renomination in the fifth are considered good, despite the active work going on in the interest of two competitors. Colonel A. C. Born of Sheboygan, and Dr. V. A. Gudex of Milwaukee. Walkovers in the convention are assured to Congressman J. H. Davidson of Oshkosh in the sixth and Congressman J. J. Esch of Eau Claire in the seventh.

Minor Has a Hard Fight.

In the eighth E. S. Minor of Sturgeon Bay will not be renominated without a sharp contest. His rivals are Gustav Kusterman of Brown county, State Senator W. H. Hatton of New London and Dr. Tanner of Outagamie. Alexander Steward of Wausau is opposed in the ninth by George W. Taylor of Marinette, G. P. Rossman of Ashland and J. C. Marsh, of Clark county, each of whom would like to succeed him. In the tenth John J. Jenkins of Chippewa Falls is likely to have no contest in the convention, though Superior would like to have a local candidate in that district.

DEWEY REMAINS IN FIELD

Has Not So Much as Intimated That He Intends to Withdraw

Washington, D. C, April 11—Admiral Dewey said last night that the report in a New York afternoon paper to the effect that he intended to withdraw his candidacy for the presidency was all a mistake, that he had never given anyone whatever any such information.

NARROW MARGIN IN PORTO RICO VOTE

Tariff Bill Will Come to a Vote in the House Today.

DEBATE WILL BE BRIEF

Party Leaders are Doing All in Their Power to Cast a Full Vote.

RESULT IS IN GREAT DOUBT

Washington, April 11—[Special Telegram]—The passage of the Porto Rican bill in the house this afternoon will probably be by a narrow margin, the estimates ranging between one and twelve The best opinion seems to be five. Arrangements are already made to send the measure to the president for his signature immediately. Many absentees returned this morning.

To Vote at 5 O'Clock

In the house soon after the journal was read, Mr. Dalzell reported from the committee on rules a rule providing for a vote on the Porto Rican bill at five o'clock this afternoon. It was adopted, 158 to 142. Present but not voring, eleven. The following republicans voted against the rule: Crumpacker, Heathwole, Lane, Littlefield, McCall, Smith, Michigan; Warner and Lorimer. Sibley was the only democrat to vote aye.

Both Sides Confident

Washington, April 11—The fate of the Porto Rico bill is hanging in the balance. A majority of from one to five is all the Republican leaders claim for it and they admit that they may fail to get any majority whatever. The vote is to be taken late this afternoon. According to impartial observers the chances are that the house will concur in the senate bill by a very slender majority.

Republicans are Confident.

Both the Republican and Democratic whips are doing all in their power today to secure the attendance of their absent colleagues. The Democrats have declined to pair with the Republicans and the whereabouts of every member is watched with great interest as the absence of two or three members and the refusal of as many more to vote may be the means of deciding the fate of the bill.

The leaders are confident the bill will be agreed to and if all the Republicans who voted against the bill when it was before the house some weeks ago repeat their former action and the Democrats who voted for it should act with their party, the Republicans would still have a majority of two or three.

Democrats are Hopeful.

For the Democrats, Representative Underwood, one of the most active members of that side of the house said:

"We will have every man present except two sick in bed. There will be no Democratic votes for the bill. This will make the vote very close and we hope to prevent concurrence."

Even this majority of three is likely to be changed. If certain Republicans vote against the bill, as seems probable at present, and no Democrats vote for it, as promised by leaders on that side of the chamber, the bill may be defeated. These Republicans are Crumpacker, Fletcher, Heatwole, Lane, Littlefield, Lorimer, McCall, Smith and Warner.

HUSBAND OF MELBA GIVEN A DIVORCE

Identity of the Great Soprano Was Not Known in the Texas Proceedings.

Galveston, Texas, April 11—Quietly and without even the Judge who tried the case knowing the identity of the defendant, a divorce has been granted in the Tenth District court here to Charles N. F. Armstrong from Nellie Armstrong better known to the world as Melba. Armstrong is a son of Sir Andrew Armstrong Bart., M. P., and Lady Frances Fullerton Armstrong, of Kings county, Ireland.

The petition for a divorce was filed on December 12, 1899. It being impossible to get service on Melba, citation was by publication. From the papers in the case it is shown that Mr. Armstrong testified that he had been a resident of Texas since May, 1895; that he was married to Nellie Armstrong in Australia in December 1882; that they have one child, a boy, now about 16 years old; and that they lived together until 1894, when the wife without cause deserted him.

Judge William H. Seward, in dissolving the marriage gives the custody of the child to the father and decrees the real and personal property known as the Buena Vista ranch, in Karnes county, Tex., to the plaintiff.

Washington, D. C., April 11—The April report of the statistician of the department of agriculture will show the average condition of winter wheat on April 1 to have been 82.1, against 77.9 on April 1, 1899, and a ten-year average of 82.8.

The percentage of mortality among farm animals during the year ending March 31, 1900, was not only below that of last year, but was also below the ten and fifteen year averages—of horses, 1.3 per cent; of cattle, 3.1; of sheep, 3.8; of hogs, no estimate. As regards the condition on April 1, horses are reported at 97; cattle at 97.2 and sheep at 99.9.

Washington, April 11—The postmaster General today received a cablegram stating that the United States postal pavilion at the Paris exposition will be opened at the time agreed upon, April 15.

HER RELIGION IS EASILY CHANGED

Mrs. Admiral Dewey is in the Habit of Transferring Her Church Allegiance.

Washington, April 11—It appears that Mrs. Dewey has been in the habit of changing her religion. She was born and brought up in the Presbyterian church and remained a member of that communion until after the death of her first husband, Gen. Hazen. Then she joined the Episcopal church and belonged to St. John's parish.

Next she became interested in theosophy and joined a society for the study of occult science, until converted to catholicism through the influence of Mrs. Bellamy Storer, the wife of our minister to Spain, and Archbishop Keane, while the latter was director of the Catholic university at Washington. She has since been a communicant at St. Paul's Catholic church and was married by Father Mackin, its pastor.

In answer to inquiries Mrs. Dewey informed her friends that she decided to return to the episcopal faith, and yesterday she was elected one of the patronesses of the episcopal cathedral foundation of which Mrs. Phoebe A. Hearst is president.

SHE GOES BLIND BY CONSTANT WEEPING

Mrs. Quitman of New York, Weeps So Much That She Loses Her Sight.

Grieving over the death of her husband and her little daughter, Mrs. Matilda Quitman, 1382 Fifth avenue, has wept so continuously that she has cried her eyes out. She now is totally blind. "Doctors and specialists of renown have been to see me," says Mrs Quitman today, "and my case has interested them, but so far they have not been able to restore my sight."

Mrs. Quitman's constant weeping is said to have caused irritation, and it is believed that blood vessels were stopped, resulting in her becoming blind suddenly. Dr. Herman Knapp, an oculist, says blindness is not infrequently the result of a blood vessel being stopped, and that it is possible that a person can thus be made blind within two minutes.

Mrs. Quitman had only been married a few years when, in 1897, her husband died. Her grief was intense, and she wept for days at a time, and frequently awakened in the night to find herself crying. Her little daughter Mabel came home from school one day last June complaining of feeling ill. She died the next day of meningitis. This is more than Mrs. Quitman could bear, and the grief she felt at the death of her husband was renewed with greater intensity.

Wallace Hill and Charles Jones Very Likely Were Caught in an Ice Shove.

Marinette, Wis., April 11—[Special Telegram]—Great fear is expressed here for the safety of Wallace Hill and Charles Jones, two venturesome Fish Creek young men. They left for their home in Door county on sail sleds yesterday afternoon, just before the big ice shove occurred. Unless they reached the other side of the bay before the ice started to move they may have been lost.

M'KINLEY WANTS GOV. ROOSEVELT

President May Draft the New Yorker For Running Mate.

BEST FOR THE PARTY

Hero of San Juan Likely to Get Second Place Despite His Protests.

HIS WISHES MAY NOT COUNT

Washington, April 11—Theodore Roosevelt is in danger of being drafted into the service of the national Republican party as a candidate for Vice President on the ticket with President McKinley. Governor Roosevelt is not willing to take this nomination, and has made his wishes known in an unmistakable manner He says he wants to be re elected as governor of New York, and believes he can be of more service to the party in that role than as a candidate for vice president.

McKinley Will Insist

But President McKinley, it became known today, wants Roosevelt on the ticket and is inclined to insist that the governor yield his political preferences for the good of the party at large. There was discussion of this matter at the cabinet meeting today, and as Senator Hanna had just returned from New York, where he had a conference with ex-Secretary Bliss, it was understood he had reported Mr. Bliss as unwilling to take the vice presidential nomination and advising that Governor Roosevelt be pressed into service.

Roosevelt Will Not Refuse.

It cannot be said with truth that the matter is irrevocably decided, but present appearances are that President McKinley will personally urge Governor Roosevelt to take the second place on the ticket and almost refuse to accept declination for an answer. Either this or the Philadelphia convention will be given a tip to go ahead and nominate Roosevelt despite the governor's declarations of unwillingness. Those who advocate this course say Governor Roosevelt is too good a party man to refuse to respond to such a call and that he will accept and take the stump.

Reason Why Roosevelt is Wanted

The chief reason why Roosevelt is wanted by President McKinley is to strengthen the ticket. It is conceded by the president and his closest advisers that the naming of the hero of San Juan Hill for vice president would be the best possible politics for the Republican party. No one now attempts to disguise the fact that the Republican party has a big fight on its hands this year. It is not going to be all plain and easy sailing. There are many weak points, and some of these the nomination of Governor Roosevelt would close up.

Need a War Hero.

If the democrats should happen to name Dewey for vice president on the ticket with Bryan, as is the latest gossip in the higher political circles here, there would be all the more reason why the republicans should have upon their ticket a hero of the late war with Spain. When it comes to war heroes there is none in the country who holds such a warm place in the affections of the people as Theodore Roosevelt. He is fitted for any office in the gift of the American people, and if any accident should call him prematurely to the presidency, the people would feel that they had a man worthy in character and training to meet all responsibilities in a most creditable manner.

President Coming to Chicago.

Washington, D. C., April 11—Commander in Chief Shaw of the Grand Army of the Republic had a conference with the president today and afterward stated that there had been no change in the President's plans and that he would positively attend the encampment at Chicago. He predicts one of the largest assemblages of union veterans from the south ever held. He has just completed an inspection of the posts of the southern states.

Grim Accident in Spain.

Corunna, Spain, April 11.—While a priest was administering the last sacrament to a dying man, in the presence of his relatives, near here, the floor of the room collapsed and the dying man and four other persons were killed and fourteen were injured.

MANY ODD FELLOWS SURPRISED FATHERS

Merry Time at West Side Odd Fellows' Hall Last Evening—In Honor of City Treasurer's Third Term.

Odd Fellow members of Janesville Lodge, No. 90, and Wisconsin Lodge, No. 14. perpetrated a surprise on City Treasurer James A. Fathers last evening at West Side Odd Fellows' hall. Mr. Fathers, unconscious of the program, went to the hall for the purpose of taking part in putting through a candidate. On his arrival he was informed by Past Grand Edward Smith that the gathering was in honor of Mr. Fathers' third term election to the office of city treasurer of the city of Janesville.

A good sized delegation of Milton Odd Fellows were on hand. To the music of John Tuckwood's celebrated stringed orchestra the participants made merry until late. Refreshments most tempting were served by the members of Janesville Lodge, No. 171 and America Lodge, No. 26. Those who arrived on the scene from Milton were:

Against Good Friday Hanging.

Toronto, Ont., April 11.—Strong protests are being made here by church people to the execution of a murderer of unknown name on Good Friday. They consider it, to say the least, inappropriate to hang the man on that day. The mayor of Toronto Tuesday wrote to the minister of justice asking for a change in the date.

ADVANCE PRICE OF SUGAR.

Arbuckle Brothers Bring Price Up to the Trust Figure.

New York, April 11. — Arbuckle Brothers have advanced the price of refined sugar 5 cents per 100 pounds. Two weeks ago the Arbuckles cut the price of refined sugar 5 cents per 100 pounds. This reduction was made directly after an advance in the price of raw sugar. The American Sugar Refining company did not follow, and the advance by the Arbuckles brings their price back to that of the Havemeyer company. Orders have been received at the Williamsburg refineries of the American Sugar Refining company to store sugar, and 20,000 barrels were shipped to Buffalo, where the company has a storehouse that will hold 60,000 barrels. The order to store sugar was interpreted by the employes as a determination to close down all the refineries now in operation. It also was taken to mean that the Brooklyn sugar refinery, which shut down six weeks ago, will not be reopened for a long time. In the local storehouses it is said that 130,000 barrels of refined sugar are already stored.

Pneumonia Rages in St. Louis.

St. Louis, Mo., April 11.—The worst pneumonia epidemic in the history of the city is raging. March broke all mortuary records from that disease, with a total of 209 deaths. April promises to exceed that startlingly high rate. Already for the first week seventy-six persons have succumbed to penumonia, and it is the opinion of the board of health that the next three weeks will show even a larger percentage of fatalities. Doctors ascribe the prevalence of the disease to the extremely changeable season, some days being like summer and the next below zero.

Spring Fever

During the winter, extra work is thrown upon the various organs of the body. Spring makes this manifest. The appetite becomes poor, sleep restless, bowels constipated; sometimes there is dyspepsia, liver or kidney troubles. Life seems not worth living. This is the time to take Hostetter's Stomach Bitters. It is better than any other spring tonic in the world. It refreshes, strengthens, rebuilds. A private Revenue Stamp covers the neck of the bottle.

PASS AGRICULTURAL BILL.

After Animated Discussion in the House.

VOTE ON QUAY IN TWO WEEKS.

Official Statement by Chaplain Pierce That There Has Been No Increase in the Number of Saloons in Manila—Nipa "Gin Shacks" Abolished.

Washington, April 11.—The house of representatives devoted the day to the agricultural appropriation bill, passing it substantially as reported. An animated discussion arose over the series of amendments offered by Mr. Corliss of Michigan restricting the distribution of free seeds and free vaccine. Mr. Corliss maintained that the government distributions invaded the field of private enterprise. His various amendments failed, however, after extended debate. An amendment by Mr. Latimer (S. C.) was adopted increasing the supply of "farmers' bulletins" issued by the agricultural department and distributed by members of congress.

Messrs. Sherman, Curtis and Little were appointed conferees on the Indian appropriation bill.

Without objection from any source the senate agreed to take a final vote on the right of M. S. Quay to a seat as a senator from Pennsylvania on Tuesday, April 24, at 4 p. m. During its session the senate paid its tribute to the late Richard Parks Bland, long a representative from Missouri. The eulogies pronounced on the dead statesman were notable for their earnestness and eloquence. Mr. Jones (Ark.) introduced and had adopted a resolution calling upon the president, if not incompatible with the public interest, to transmit to the senate a detailed statement of the expenses of the commissioner-general of the Paris exposition. On motion of Mr. Cullom the senate non-concurred in the house amendments to the Hawaiian civil government bill, and Senators Cullom, Lodge and Morgan were named as conferees. A bill was passed providing for allotments of lands in severalty to the Indians of the La Pointe or Bad River reservation, Wisconsin.

Chaplain C. C. Pierce of the Eighth army corps, who was the first chaplain to arrive in the Philippines, and remained there continuously until he returned to the United States with the body of Gen. Lawton, has made an official report to the secretary of war on the charges of drunkenness in the Philippines. He says that, although it is a fact that more public saloons exist today than when the soldiers went to Manila, it is also true that there are not so many of them as to involve a net increase in the number of places in Manila where liquor may be procured, but, on the contrary, a diminution. He adds: "When I first saw Manila the streets were practically lined with little nipa huts, perhaps about twelve feet square, in which the natives were selling at a merely nominal price not only fruit and tobacco, but also native gin. These 'gin shacks' should certainly be included in the number of drinking places existing at the beginning, and their number was very large. The character of this native drink was so fiery and villainous that its effect upon such of our men as used it was deplorable. It became my duty to bury two soldiers who never recovered from the effects of drinking it." The report concludes with a plea for "moral suasion and religious influence to counteract more baneful agencies and supplant lower instincts with loftier ideals."

GAGE GIVES FIGURES.

Reply to House Resolution Regarding Treasury Receipts.

Washington, April 11.—The secretary of the treasury today sent to congress his reply to the house resolution of April 2, as follows:

"April 9, 1900. The Speaker of the House of Representatives. Sir:—I am in receipt of the resolution of the house of representatives of April 2, 1900, as follows:

"Resolved, That the Secretary of the Treasury be, and he hereby is, requested to inform the House of Representatives whether, in his opinion, based upon such knowledge as he has, the present laws for the raising of revenue are creating and will continue to create a surplus in the treasury over and above the wants of the government, and, if so, to what extent at the end of the current fiscal year, and a like report as to the fiscal year ending June 30, 1901. That he also report to the House of Representatives his estimates of the probable receipts of the treasury from all sources of revenue for those years, to wit: Customs, internal revenue and miscellaneous sources.

Arrested on Perjury Charge.

New York, April 11.—George W. Hull of Arizona, who is said to be a millionaire and former speaker of the Arizona legislature, was arrested in this city at the request of the attorney-general of Rhode Island. Hull.

Bond for Convention Hall.

Kansas City, Mo., April 11.—A $50,000 bond has been given by the Gillette-Herzog Manufacturing company of Minneapolis to insure the erection of a new convention hall in time for occupancy by the democratic national convention in July. The company agrees to have the ten immense steel trusses that will support the roof in place by June 15 under a penalty of $100 a day for each day it might be delayed beyond the time limit.

THE FIEND OF NERVOUSNESS.

When a woman's mind is constantly filled with nervous unreasoning dread and apprehension it shows that her entire nervous system is disordered and broken down. Nine times in ten it indicates that there is some special disease or weakness of the important and delicate organs which make her a woman. Nine times in ten it means that some instant and radical measures must be taken to save her from complete mental and physical wreck.

"I was so nervous I couldn't bear to hear the sound of my own voice when alone" says Mrs. Nellie Brittenhan, of Davenport, Thayer Co., Nebr. "I felt as though there was some one ready to grab me if the least sound was made. I really cannot describe the feelings I had, but I can say I have no such ugly feelings now and I trust I never may again. I was suffering from female weakness and very much from nervous prostration.

"I was not able to do anything. I could not sit up all day. I had not sat up all day since the birth of my baby, four months before I began to take Dr. Pierce's medicines. I took one doctor's medicine for four months but did not get along at all; so, discouraged, I thought I would try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of the 'Prescription' and nine of the 'Golden Medical Discovery' and used Dr. Pierce's Pleasant Pellets along with the other medicines, and I can say they have done wonders for me.

"I do all my work now and feel better than for two years. I had not eaten anything for three months except some kind of soup and crackers; now I eat anything I want. I believe I owe my health to Dr. Pierce's medicines."

Discouraged, broken-down women should write to Dr. R. V. Pierce, at Buffalo, N. Y., and learn how carefully he studies into these apparently hopeless cases. He will send without charge, (in a plain sealed envelope) the best advice of a capable, experienced physician.

BLOOD POISON.

Mercury AND Potash Make Wrecks, Not Cures

In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored splotches, and falling hair and eyebrows leave no room for doubt, as these are all unmistakable signs of Contagious Blood Poison.

Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial rheumatism and the most offensive sores and ulcers, causing the joints to stiffen and finger nails to drop off. **Mercury and potash make wrecks, not cures,** and those who have been dosed with these drugs are never after free from aches and pain.

S. S. S. acts in an entirely different manner, being a purely vegetable remedy; it forces the poison out of the system, and instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even though pronounced incurable by the doctors, S. S. S. can be relied upon to make a rapid, permanent cure. S. S. S. is not a new, untried remedy; an experience of nearly fifty years has proven it a sure and unfailing cure for this disease. It is the only purely vegetable blood medicine known.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

VALID CLAIM, GOOD MAN.

Senator Whitehead's popularity becomes more apparent each day, and his name is on the tongue of about every Republican politician in the state. A Madison dispatch to the Milwaukee Journal, signed by Roger M. Andrews, a staff correspondent, says "Senator Whitehead's lead for the nomination is increasing daily," and this appears to be the general sentiment among the men who keep their finger on the public pulse.

The First Congressional district, and the Southern part of the state is admittedly entitled to recognition on the state ticket, and as Senator Whitehead has consented to represent the sentiment, and is of acknowledged ability and standing, every indication points to his nomination. The district's claim is valid, and its candidate ideal—a combination that should and will win.

The constitutionality of the law placing sheriffs on a salary and giving the county their fees has been questioned and the point will be passed upon by the courts. A good many counties will be effected if the decision sets the law aside, as ex sheriffs who worked on a salary can all recover.

Washington dispatches again make the announcement that Chairman Hanna will retire, and that Henry C. Payne will be chosen to succeed him. Mr. Payne is certainly in every way qualified, and no mistake would be made in honoring Wisconsin with the management of the coming campaign.

Out of fifty-two Boers captured by the British at Boshof, forty-seven were Frenchmen, Germans and Russians. This fact should be entered in history on the same page with the announcement that the chief of the Winnebago Indians in Wisconsin is a Chicago Irishman.

A short time ago General Otis was getting the hard knocks, while Admiral Dewey was being lauded. The situation is now reversed, however and General Otis gets the compliments while Dewey dodges bricks. Such is life.

Congressman Babcock's denial of the story that he was to measure strength with Henry C. Payne in a contest for the membership of the national republican committee, is explicit, and cannot be misunderstood.

The program for the Milwaukee carnival has been made out, and the enterprising citizens of the Cream City will now tackle the very formidable task of outdoing themselves.

The Chicago Tribune gracefully admitted a change of heart in the matter of the Porto Rico tariff and now supports the measure as vigorously as it attacked it a short time ago.

When Dewey and Miles emerge from their tussle with Bryan they may not "be much for pretty," but they'll know a whole lot more than they do now.

The Illinois anti-cigarette law has been declared valid by the statesupreme court, thus placing another nail in the coffin of the "coffin nail."

The American people make a distinction between Admiral Dewey and Democrat Dewey. They admit the claim of the former, but deny that they owe anything to the latter.

Admiral Dewey does the announcing, Mrs. Dewey does the renouncing,—and some of the people, at least, have done the denouncing. 'Twas ever thus.

Milwaukee has begun to Chicagoize her suburbs—regardless of the fact that Mayor Rose said the Germans were opposed to expansion.

And after the passing of the horse, we suppose, the girls who now elope with coachmen, will run away with the automobileneers.

Madison is to have a $10,000 police station. The Capital City is not satisfied to stay in the village rut.

General Miles' presidential aspirations already smell strongly of embalming fluid.

EXPORT TRADE IN MEATS.

The United States the Greatest Producer In the World.

A monograph of the treasury bureau of statistics on "The Provision Trade of the United States," which appears in the monthly summary for February, shows that the United States is now the world's greatest producer and exporter of meats, which form one of the most important features of our export trade. In 1887 the total exportation of provisions and live animals was $102,774,910, and in 1899 their total was $207,105,637, having thus doubled meantime and forming in 1899 17.2 per cent of the total exports of that year.

The development of swine and cattle raising in the United States presents features of peculiar interest. The development within the country has consisted chiefly in a movement from the east to the west, following the broad course of the corn belt. The growth of our swine raising industry has been of the utmost importance to the farmers of the country, since it has furnished them an outlet otherwise difficult to obtain for their surplus corn. The hog has become not only a converter, but a condenser, of values and as such has sought out eastern and European markets in cases where it would have been unprofitable to transport corn.

The development of swine and cattle raising has been also influenced by the phenomenal growth of the packing industry of the country. This evolution presents features of interest from the time when, in colonial days, primitive packing was carried on in New England down to later times, when, about 1820, the prototype of the modern packing house was established in Cincinnati. Adjacent to the cornfields of Ohio, Indiana and Kentucky, Cincinnati possessed the further advantage of being situated on the Ohio river, down which her packed products were shipped to New Orleans, to be reshipped to Philadelphia, New York and Boston. The westward movement of the center of the corn belt, however, and the successful competition of the east bound railroads with the long, devious and uncertain Mississippi route gave to Chicago in the early sixties an immense advantage and achieved for that city a pre-eminence which it has since retained, although Kansas City and Omaha are now rapidly forging to the fore.

The monograph traces this development of the packing industry down to the present time. It also gives statistics of winter and summer packing at various centers, together with receipts and shipments of live animals and of provisions, as well as statistics of the routes by which they are received or shipped and of their source or destination.

Always Has Pins In His Mouth.

A young man from Carey recently went into the office of Dr. J. E. Nichols of Upper Sandusky, O., to have a tooth drawn. The doctor had taken hold of the tooth with his forceps when he noticed something in the young man's mouth. He removed the forceps and asked what it was. "Pins," said the young man, who then took from his mouth a bunch of nine pins, says the Cincinnati Commercial Tribune. He said he always has more or less pins in his mouth; has them when he sleeps and when he eats and drinks and when he chews tobacco. He says he can put a dozen in his mouth and leave them there for a month. Sometimes he swallows one, but it never causes him any harm.

Railroad President in Wreck.

Butte, Mont., April 11.—President James J. Hill of the Great Northern, attended by a party of officials of his road, arrived in the city after an exciting experience. His special train was ditched on the Northern Pacific track in Silver Bow canyon, about six miles west of Silver Bow junction. The engine and baggage car were overturned, and although the members of the party were badly shaken up none was injured. A special train brought the road magnate and his friends to this city. Mr. Hill and his party left here for the east.

Chicago, April 11.—Reports from physicians submitted to the state board of health at the quarterly meeting at the Great Northern hotel here indicate that in fifty-six counties in Illinois there have been 2,400 cases of smallpox since Dec. 1. Twenty-two of these have proved fatal. The disease in several of the southern counties has been epidemic, but in a mild form.

Rare Books in Vatican Library.

The oldest library now existing is that of the vatican and it probably contains more literary treasures than any other. It belongs always to the reigning pope and only he can give permission to enter. Though there are only 225,000 volumes, they are the rarest in the world. The vatican library has the only known copy of the new testament written before the end of the fourth century; the original Dante, the oldest existing copy of Virgil and a Terence which goes back to the fourth century.

Girls Clash Over Basket-Ball.

Rock Island, Ill., April 11.—Feeling is at fever heat here between Augustana college and Rock Island high school as the result of a basket-ball game scheduled to have been played at the Rock Island roller rink. Finding the building dark and the doors locked, the male students from the college broke in the doors and the umpire declared the game won by the Renas, 2 to 0, because the Emanons, representing the high school, were not on hand. The Renas and their male friends then went to the high school, where a meeting of scholars, including the Emanons, was in progress, and made a demonstration. During the clash that followed one of the high school boys was injured.

MRS. HARRIET HODGE DIED THIS MORNING

WIFE OF REV. DR. M. G. HODGE FORMER LOCAL DIVINE.

Was a Woman Highly Respected and Her Sudden Death Will be Mourned in Many Homes —Death of Julia A. Partridge an Early Pioneer Resident of Rock County.

Mrs. Harriet L. Hodge died this morning at her home in Beaver Dam, Wisconsin. The news of her death was received in Janesville this morning by the receipt of a telegram by Mrs. C. L. Clark, a daughter. Her death was sudden and the cause is unknown. Local relatives were not even aware of her illness.

Yesterday Mrs. Clark, of this city, was in receipt of a lengthy and cheerful letter from her mother who made no reference to being ill. In this latter Mrs. Hodge mentioned that it was the intention of herself and venerable husband to move soon from Beaver Dam to Oak Park, Illinois to reside with their daughter, Mrs. Welch.

Mrs. Hodge was the wife of Rev. M. Hodge for many years pastor of the Baptist church in this city. She was born in 1828 at Irasburg, Vermont. About the year 1848 she was married moving west a few years later

For twenty-three years Mrs. Hodge resided in Janesville and during the many years that her worthy husband presided as pastor of the Baptist church she was untiring in her efforts to aid him in his good work.

She was a type of the true woman that all the world admires. He nature possessed those lovable qualities that made for her lasting friends without as much as an effort on her part. Mrs. Hodge was doing good at all times. That was a motto that she not only heartily believed in but she daily practiced her belief for the good of others. She is just the type of woman that has made the world better by her living and her death will cause deep sorrow in many of the homes of Janesville.

Besides a husband five children are left: Mrs. Carrie L. Clark, Janesville; Mrs. Elizabeth M. Welch, Chicago; Mrs. Hattie Hatch, Washington, D. C.; Mrs. Emma Wilcox, Quincy, Ill., and Frederick M. Hodge, Kalamazoo, Mich.

No definite arrangements have as yet been made for the funeral but in all probability the remains will be brought to this city and interred in Oak Hill cemetery.

Mrs J. D. Tramblie

The Rockford Register-Gazette printed the following in regard to the death of Mrs. J. D. Tramblie:

Mrs. Sarah Jane Tramblie, wife of J. D. Tramblie, died at the family home on Sherman avenue this morning at 1:25 o'clock. She had been sick for several months and for the past seven weeks had been confined to her bed Death was due to a dropsical affliction. The funeral services will be held Thursday afternoon at 2 o'clock from the house and at 2:30 from the Grace M. E. church. Rev. T. E Beam, her pastor, will officiate. The W. R. C. will also take part in the service. The interment will take place in the West side cemetery.

The decedent was born in New York city No. 17, 1846, and was in her fifty-fourth year. For the past two years she had lived in this city and previously the family made Rockford their home. Her husband and two sons and two daughters survive. The daughters are Mrs. S. E. Hudson of Salem, N. Y., and Mrs. F. P. Baker of this city. The sons are H. A. Tramblie of this city and C. W. Tramblie of Thiensville. Her only sister, Mrs. E J. Bennett of Janesville, and a cousin, Mrs. S. E. Brigg of Minnesota also survive and were at her bedside when the end came. Mrs. Tramblie was a beautiful and consistent christian. She united with the church when she was 20 years of age and had been connected with some christian body ever since. At the time of her death she was a member of the Grace M. E. church. She was an active member of the W. R. C. and the Home Fraternal league of this city.

Julia A. Partridge

Julia Ann Partridge, wife of David Partridge, died yesterday morning at her home, three and one-half miles west of Afton, in the town of Plymouth, at the age of seventy-two years. The cause of her death was consumption Mrs. Partridge was one of the early settlers, coming here from Pennsylvania. She was a woman loved by all who knew her and her death will be mourned by many. Besides a husband she leaves one child, a daughter, Mrs. Clara J. Horkey, of the town of Plymouth. The funeral will be held from the Plymouth M. E. church Thursday afternoon at 1 o'clock, and the interment will be in the Plymouth cemetery.

Curtis Chapin.

Funeral services over the remains of the late Curtis Chapin will be held from the house Thursday morning at 10 o'clock and the interment will be at Fulton. Besides a widow he leaves two daughters to mourn his death, Mrs. T. S. Jessup of this city, and Mrs. Edward Jessup of the town of Fulton.

WILLIAM J. MURPHY LOOKS OVER FIELD

TEMPERANCE LECTURER'S SON SPENT DAY HERE.

Praises the Work of the Murphy Temperance League as Conducted in Janesville—Has Been Conducting Meetings at Whitewater and Doing Good Work on All Sides.

William J. Murphy, son of Francis Murphy, the great temperance lecturer, spent the day in Janesville looking over the temperance field. Mr. Murphy is forty-two years of age, and is a stately appearing gentleman, who would attract attention from the average pedestrian. His hair is as white as the driven snow.

Mr. Murphy is in the temperance lecturing business the same as his noble father, and is meeting with marked success in all parts of the country. Of late he has been conducting a series of meetings at Whitewater. This morning he arrived in Janesville, and was shown over the field by John H. Jones and Al. Smith of the Francis Murphy League. The visitor was well satisfied with the temperance work that is being carried on in Janesville, and saw no reason why it should not continue.

Mr. Murphy's father has not been in good health since his severe illness in Janesville, and he may be obliged to abandon his proposed trip to Australia. Mr. Murphy resides in Pittsburg.

LILIES REIGN AT EASTERTIDE

Janesville Homes and Houses of Worship to be Decorated

Easter, the feast of resurrection, is approaching, and according to custom the sentiments it awakens will be given appropriate expression by decorating homes and houses of worship with flowers, the emblems of nature's springtide resurrection. At no other time of the year is there to be found in the florists' shops such variety of beautiful and delicate flowers. Lilies are the typical Easter flowers and have been from time immemorial. Easter lilies, or Ascension lilies they are called, have woven about them a network of symbolic meaning.

Though lilies predominate, all kinds of flowers are used for decorative purposes for Easter. Roses and carnations are used at all seasons, but during Easter week white or delicately colored varieties are in greatest demand. Then there are tulips, narcissus, lilies of the valley, violets, hydrangeas, white lilacs, white daisies, daffodils, jonquils, spiraeas, azaleas, and many other plants and flowers which are used in large quantities during Easter week.

PRISONERS OBJECT TO WALK

From the City Lock Up to the Court Room Too Prominent a Route

Prisoners arrested and placed in the lock up at the corner of Dodge and River streets are anything but pleased over the prominence they receive in their walk to the municipal court room on the Milwaukee street bridge. From the the lock up to the court room the shortest route is north on River street and then east on Milwaukee street. This route takes the embarassed prisoner through the heart of the business section. With an officer by his side the public is easily attracted. When the old jail was used the walk to the jail was north on Park street and then through an alley,

BOERS ACTIVE IN THE FREE STATE

Attack On Gen. Brabant's Force With Great Vigor—Make a General Forward Move.

London, April 11.—The Boer attack on General Brabant's force at Wepener was resumed again at dawn today. The enemy's attack on two or three sides yesterday lasted until 2:30 o'clock in the afternoon, when the enemy had been beaten off, but it was announced this morning from Alival North that the fighting had again begun. Gen. Brabant's forces, numbering from two to three thousand, holds positions in a rough country. It is not known what the numerical strength of the Boers is, but whatever it may be, it is being rapidly augmented. A body of 2,000 Boers is marching toward Springfontein from Smithfield, between Wepener and Springfontein. The detonation of heavy guns was heard at Maseru Monday. Sir Godfrey Lagden, the British resident commissioner of Basutoland, has left Masern for the border. The events in the southeast portion of the Free State have caused the eighth division, which had been ordered to Fourteen Streams, to be diverted to Springfontein. Mysterious movements of troops at Bloomfontein are proceeding. The newspaper correspondents are not allowed to telegraph their destination, and the presumption is that Lord Roberts is making disposition to cut off the aiding Boer forces when they try to withdraw northward from the pursuing British columns. The reappearance of the Boers in the occupied country has caused a revival of the warlike feeling among the Free Staters of the Fauresmith and Philippolis districts. The federal agents are busy getting details of the surrendered Boers, and owing to the British garrisons being withdrawn from these districts, the British residents are uneasy and sent delegates to Springfontein to ask for help. They were told that steps for their defense would be immediately taken.

The Boers are reported to have ventured south of the Biggarsberg, and to be posting heavy guns four miles north of Elandslaagte. They are also said to have fortified the vicinity of Wessel's Nek.

It is expected that the Boers will endeavor to retake and destroy the bridge over the Orange River. Consequently extraordinary precautions have been taken. A force of Boers is located twelve miles east. As a matter of fact, the Boers practically again hold the Free State eastward of the railroad, and are greatly encouraged by their successes at Reddersburg and Korn Spruit.

Heavy firing was heard early in the direction of Sundays River. It continued for a few hours. No details of the engagement have been received.

The Boers have posted a big gun on Knight's Hill, north of Elandslaagte, and another in the vicinity of Wessel's Nek station. The enemy are reported to be strongly entrenched at Helpmakaar.

Heavy fighting was continued at Wepener this morning. The result is unknown. Three Boer commandoes are attacking the town.

WINE OF CARDUI

Woman's Crowning Virtue.

BELTON, Mo., July 27.

For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

McELREE'S Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

GOMEZ IS OUT OF CUBA.

Leaves for Santa Domingo to to Recuperate,

MAY KILL AUTONOMIST PARTY.

When He Returns to Cuba He Will Help Consolidate a Cuban Republic—As to the Independence of the Island, the General Has Decided Views.

Havana, April 11.—Gen. Gomez left Havana for Santo Domingo on board the American steamer Maria Herrera. Thousands of persons crowded down to the wharf to see the Dominican's departure; the municipal band played the Cuban national march and other patriotic airs, and tugs crowded from stem to stern accompanied the Herrera for several miles. Gen. Gomez says he will soon return to Cuba to help consolidate a Cuban republic. He leaves at this moment on account of family affairs. There can be no doubt that Gen. Gomez has dealt a staggering blow to the new party formed by the Spanish autonomist element by his simple declarations against it. Many predict even the crushing of the movement as a result of Gen. Gomez' position. As the national Cuban party stands for independence of the island and has the support of the acknowledged leader of the Cubans, it naturally draws to itself an overwhelming following. Mrs. Gomez and the remainder of the general's family remain in Cuba, where they say they will live and die. Gen. Gomez denied that he had any intention of attempting to become the president of Santo Domingo. The municipal and other governmental departments had a heavy day's work, as the Spaniards for the most part waited until the last day was up before declaring their election to remain peninsula subjects, as required by the treaty of Paris. From an early hour Tuesday morning thousands were waiting at the municipal building for a chance to enroll themselves. A farewell banquet was given Tuesday night to Brig.-Gen. William Ludlow, the retiring military governor of the department of Havana.

Girl Hanged to a Maple Tree.

Little Rock, Ark., April 11.—The daughter of Jesse Howard, a farmer living three miles east of Springfield, left home to go to the field where she was shrubbing sprouts in their crop. She was discovered swinging from a maple limb dead. The limb to which she was tied was only about seven feet high, and left her feet full on the ground, one knee resting on the earth. Her apron had been torn into strips and made into a hangman's rope. The coroner's jury decided that she had first been murdered and then hanged. Gov. Jones will begin an investigation at once.

Theft of Bullion Is Charged.

San Francisco, Cal., April 11.—Benj. C. Berger, weigher in the assayer's department of the United States mint here, was arrested late Tuesday on a charge of stealing gold. The police found since January he had secured $200 from two jewelry shops, which bought his bullion under the idea he was a miner. He has been six years in government employ.

Elections in New Jersey.

New York, April 11.—Municipal elections were held Tuesday in most of the cities of New Jersey. In Newark, where the republicans had hoped for a sweeping victory, Mayor Seymour, democrat, was re-elected by 2,300 majority. The democrats win in Jersey City, New Brunswick, Hoboken and Orange.

Caldwell Not a Candidate.

Washington, April 11.—Judge Henry C. Caldwell of Arkansas, who has been extensively spoken of as a candidate for vice-president, has written a letter to Senator Jones (Ark.), saying that he cannot consent to such use of his name, and that his resolution in this matter is absolutely irrevocable.

Columbus (O.) Bank Goes Down.

Columbus, Ohio, April 11.—The bank of Reinhard & Co., founded in 1863, has suspended business. About the same time John G. and Henry A. Reinhard filed deeds of assignments to Thomas J. Abernathy, who qualified by giving bonds aggregating $325,000.

Boy Admits He Is a Burglar.

Racine, Wis., April 11.—Charles Nelson, 19 years old, confessed that he had committed numerous burglaries recently in this city. He said also that he escaped from the reform school at Waukesha eight years ago.

Woman in Control of a Car.

Cincinnati, Ohio, April 11.—A woman passenger rode on the street car here all night because the conductor refused to give her a transfer a few minutes after she had paid her fare.

MAY INVOLVE NATIONS IN WAR.

Nicaraguan Filibusters Causing Complications in Central America.

Washington, April 11.—It would not surprise officials here if the recent action of Nicaraguan filibusters in landing on the isthmus should result in involving at least three of the Central American republics in difficulties. Reports received here have indicated that trouble was brewing in Colombia for some time past, and there have been frequent rumors of the intention of Nicaraguans to attack Costa Rica. It appears that the Nicaraguans have now actually made a landing, though it is not clear whether their movement is directed against Nicaragua or Costa Rica. The point where the party landed is on the Pacific side of the isthmus, and the party made its way to a place of the name of David, near the boundary line between Costa Rica and Colombia, but within the lines of the tract of territory claimed by both nations. The government of Colombia has taken steps to send a force against the filibusters, assuming that they are on Colombian soil, and the government of Costa Rica may do likewise. The cruiser Detroit has gone into the gulf of Chiriqui, on the gulf side, but the nearest port of access to David, to safeguard American interests.

CANADA GETS BIG SHIPYARD.

Cramps Interested in Works to Be Erected at Collingwood.

Toronto, Ont., April 11.—Canada's efforts to secure industries has scored again in a big deal just entered into between Capt. McDougall of Duluth, Minn.; the Cramps of Philadelphia, Pa., and the town of Collingwood, Ont., by which immense smelting, steel, iron and shipbuilding works are to be established on the Georgian bay. The town grants a free site of more than eighty acres for the works, undertakes to keep a minimum depth of eighteen feet of water for a shipyard front, to give a cash bonus of $150,000, to fix the assessment at a low figure for twenty years and to supply water and light at a figure to be agreed upon.

Shoots Mother and Himself.

Kingston, N. Y., April 11.—J. Albert Merritt, aged 46 years, one of the most successful dry good merchants in this city, in a fit of temporary insanity shot his mother through the head and then shot himself, dying instantly. It is thought Mrs. Merritt will die. Mr. Merrit was owner of the dry goods house of James O. Merritt & Co., and was very wealthy. His father died while insane, and two uncles and a niece on his father's side committed suicide and two uncles on his mother's side also killed themselves.

Ministers Clash Over Creed.

Little Falls, N. Y., April 11.—The Utica presbytery, now in session in this city, was thrown into a turmoil by an address from Rev. Dr. Taylor of Clinton, formerly pastor of the Presbyterian church at Rome, who advocated the elimination from the confession of faith. The paragraphs cover the doctrine of election and reprobation, in repudiation of which Dr. Hillis of Brooklyn resigned from the Chicago presbytery. The liberal element voted the resolution down by a big majority.

Town Is in Peril from Ice.

Menominee, Mich., April 11.—Ice from the bay shoved up along the shore of the city, causing much damage to docks, warehouses, boathouses, iceboats, etc. A strong east wind prevailed, but suddenly the immense body of ice stopped. For a time it was feared that the buildings along Main street would be covered up. The ice is piled up thirty feet high in some places. Several warehouses and barns were moved twenty feet and others crushed in.

Britain's Troubles in West Africa.

Accra, Gold Coast Colony, West Africa, April 11.—Sir Frederick Mitchell Hodgson, governor of the colony, sends a dispatch from Coomassie announcing that his efforts to effect a peaceful settlement of the difficulty between the British officials and the Coomassie tribesmen have not succeeded.

Two Die in a Mill Explosion.

Columbia City, Ind., April 11.—The large flouring mill of R. Tuttle & Co. was wrecked by an explosion, resulting in the death of Henry Landon, fireman and O. S. Young, teamster. Several others in the mill were painfully injured. The mill was not running at the time, and it is believed natural gas is responsible for the explosion.
